

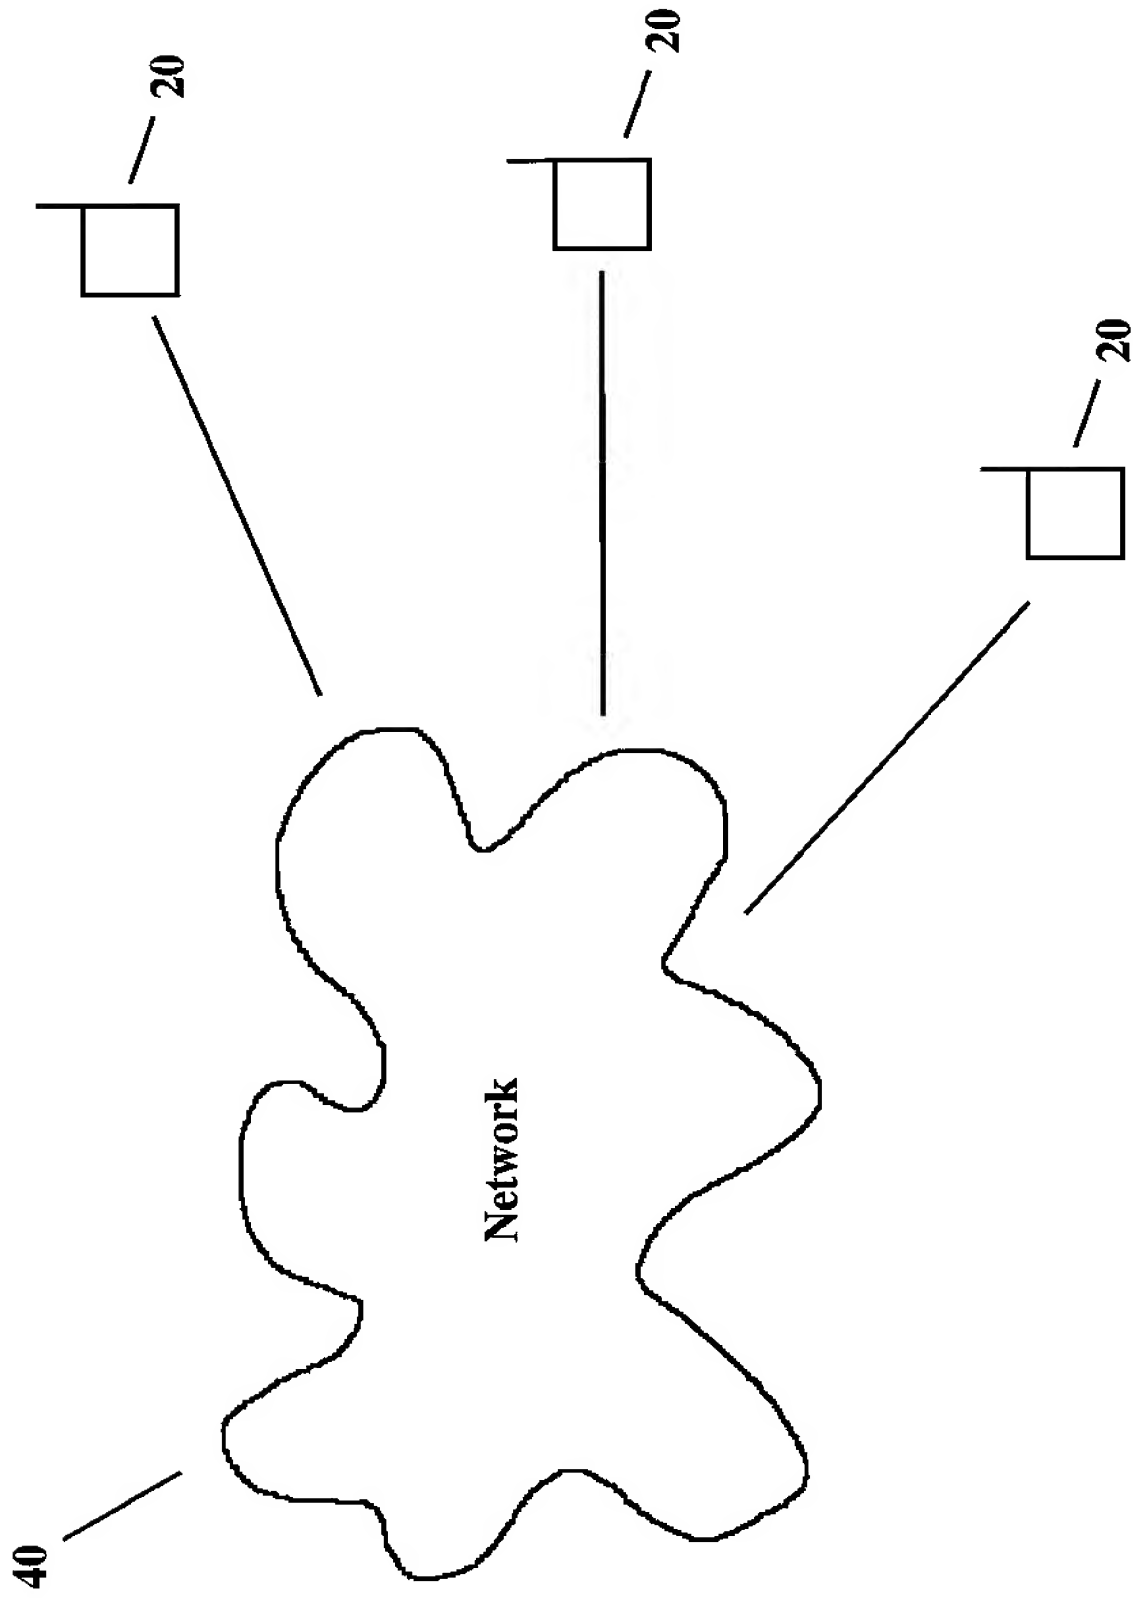

**FIG. 4**

## FIG. 5

(S1)

**Assigning indicators bits  
of a sequence indicator  
bits distributed across an  
entire slot of a quick  
paging channel to indicate  
transmission of signaling  
information related to  
broadcast-multicast  
service related to a group**

(S2)

**Transmitting the sequence  
to the group and the  
signaling information  
related to the group**
